Letter from Executive Director

Dear Friends,

It has been an exciting year full of learning, growth, and achievement. The Community Children's Center continues to provide a safe and nurturing environment to support and enhance the physical growth of each child. Our main goal is to ensure that we provide great teacher training and support so that we can continue to increase our revenue through

An exciting addition to our program has been the addition of new staff and volunteers spent countless hours building our program, putting together cribs and changing stations, and providing appropriate toys, swaddles and state approved curriculum. On November 11, 2018. There are currently 15 children on our waitlist! We are excited to bring this

While enhancing our programs with a variety of activities for our Pre-K and School Age students at the center, for student enrichment, we have also improved our website. A parent of The Yellow Springs Community Center helped us update our current website to include visually appealing and downloadable forms for parent convenience. We also created a dynamic brochure that includes pertinent information to share with the community and surrounding area, including toddler, preschool and

We continue to strive to ensure that education is accessible to all of our children. At least fifty percent of our staff have a bachelor's degree and we now have four adults on staff who are completing a 43-week course to obtain a Child Development Associate, Professionalism, Social & Emotional growth. We are so proud to have a staff that is

This year we will focus on closing the funding gap by the end of the year. My main goal will be to collaborate with more local organizations and businesses that will help fit the needs of our families.

Message from

The past year has been full of accomplishments for YS Children's Center. In 2019, the Trustees worked on a strategic plan for the coming years. The five pillars of the plan: raising, achieving Step Up, community outreach and marketing and development. The goals were set as long ago as 2017 and already been implemented. The Center's future is helping children achieve continuous improvement.

Thank you to Malissa and to all you do to make the Center an enriching place for children. The Board is proud to be with you and to help children a great

During the 2018-2019 fiscal year that ended in June, the Board of Trustees, under the leadership of the Executive Director and with the assistance of the Facilities Committee (led by Antonia Dosik) prepared the 2019-2020 budget. This requires study of the previous year's budget and the new fiscal year. Thank you to Otto and Tom for their duties rely on cooperation with and assistance from the Board of Trustees.

The Facilities Committee has been working on various issues with the Children's Center building. The committee is working on getting central air for the Verner building. The committee is hoping to work with Xenia Glass & Locks to move the offices from the class rooms. Lastly, the committee is working on signage for the Children's Center to promote the center. Volunteers are welcome and needed to help with the center.

I Did Nothing Today

Author Unknown

When children come home at the end of the day,
The question they're asked as they run out to play
Is "Tell me what did you do today?"
And the answer they give makes you sigh with dismay.

"Nothing, I did nothing today!"

Perhaps "Nothing" means that I read a book,

Or...with a teacher I got to cook.

Maybe I painted a picture of blue,

Or heard a story of a mouse that flew.

Maybe I wrote in my journal myself,

Or found a great book on the library shelf.

Maybe I helped a friend today,

Or went to my favorite area alone,

Maybe today was the very first time

That my scissors followed a very straight line,

Maybe I sang a song right to the end,

Or worked with a special brand new friend.

When you're three, four, or five your heart has wings

And "Nothing" can mean so many things

Special Thanks
